AXESS® REMOTE MONITORING

IDENTIFY & CONTROL PRINTING COSTS WITH AXESS® REMOTE MONITORING TECHNOLOGY

Axess® Remote Monitoring Technology Helps Uncover the Unknown Costs of Printing. Managing and maintaining your imaging fleet can be costly, frustrating, and time consuming. It doesn't have to be. Axess® Remote Monitoring software gives you the ability to view your customer's entire print environment, including supply and service needs on output devices. With Axess® MPS, you can choose from two remote monitoring platforms, PrintFleet® or FMAudit®. These powerful software platforms empower you to deliver MPS programs with ease and provide you with actionable business intelligence including:

Remote Monitoring Software

SUPPLIES FULFILLMENT

- View exact consumable levels remotely: toner, fusers, drums, and maintenance kits
- Ensure your cartridges are being used by tracking the unique serial number on the chip
- Set customized, automated alerts for low toner levels

MAINTENANCE AND SERVICING

- Set automated service alerts
- Set proactive service flags/reminders
- Asset management and consulting

SECURE AND RELIABLE TECHNOLOGY

The Axess® Data Collection Agent (DCA) is installed on a single workstation at your location in under 5 minutes. The DCA runs as a Windows® service in the background, collecting and transmitting critical imaging metrics to the Axess® secure web server. Your printer information will be available 24 hours a day, 7 days a week via the Axess® secure website. No personal or user data is collected with the software; only the core metrics needed to maintain and manage printing assets are gathered.

SYSTEM/NETWORK REQUIREMENTS:

- TCP/IP configured
- Port 443 (HTTPS), Port 80 (HTTP), or Port 21(FTP) must be open for automatic transmission of data
- Hardware: Desktop computer system
- Network Card: 100MB or higher
- Operating System: Windows 2000/XP
- RAM: 256MB or higher
- Internet connected browser with a minimum of 100MB NIC
- System must be powered on all the time
- Does not have to be a dedicated system

Axess® remote print management technology collects powerful information and provides the ultimate solution for managing and maintaining printing environments. Contact your sales rep or call 855-AXESS80 (855.293.7780) to collaborate on a print management plan of action.
