

# AXESS® NATIONWIDE SERVICE & SUPPORT

## ONE CALL=ONE SOLUTION

MPS programs often require service for devices under contract. Axess® Nationwide Service and Support offers a dedicated team of certified technicians ready to provide phone based triage and dispatch services. Axess® Service support offers dealers:

- A team of dedicated, certified service technicians ready to assist with web and phone based triage as well as nationwide service call dispatch and field support
- Full nationwide coverage with over 7,000 technical support agents throughout the US and parts of Canada to help expand service areas
- A simple to use ticketing system with options to contact us by phone, email, or on the web at [www.axesssupport.com](http://www.axesssupport.com)
- Fixed price billing with no surprise bills and a simple, flat fee structure; special discounts may apply
- Our “One Call = One Solution” commitment stating that no matter what your service support call need may be, we will provide a solution
- Guaranteed service for the coverage you need, when you need it
- A dedicated team of IT professionals that offer ongoing support to dealers and their customers for PrintFleet® and FMAudit®.

## INDUSTRY'S MOST EXPANSIVE MPS SERVICE COVERAGE

Axess® Nationwide Service and Support includes over 7,000 certified technicians ready to assist with web and phone based triage as well as nationwide service call dispatch and field support.
